TEQUILA

Mexico's most powerful liquor, tequila, comes from a plant called the agave azul tequilana. It is named after the town of Tequila in the state of Jalisco, where it has been brewed for more than two hundred years. Tequila is the fermented, distilled juice of the agave's huge pineapple-like base called cabeza. Only mature agave plants, eight to ten years old, are harvested to obtain the juice.

How to Drink Tequila

1. Hold a wedge of lemon or lime in your left hand and place a little salt in the well at the base of the thumb and the index finger of the same hand.
2. Hold the glass of tequila in the other hand.
3. Lick the salt, swallow some tequila, then suck the juicy lemon or lime.

ISLAND DRINKS

Strawberry Daiquiri

A Ball jar filled with rum, strawberry liqueur, a dash of fresh-squeezed lemon juice & strawberries blended with ice & garnished with fresh fruit. This is an all-time island favorite.

Piña Colada

We smuggled this recipe out of the island 15 years ago. Ours has got the basics; rum, pineapple & coconut, with that secret special touch that makes Saugatuck renowned for this bootlegger's delight.

MARGARITAS

Voted Best in Connecticut by *Connecticut Magazine*

Ours are known to be the best — the reason? . . . fresh squeezed lime juice.

Try it the classic way, straight up, rimmed with coarse salt & lime wedge. If you prefer to have it over ice, our Mexican thirst quencher — 16 oz. of margarita, blended with ice & served in our legendary Ball jars. **SWEET! SOUR! & SALTY!**

Try one of our many flavors:

Watermelon, Pomegranate, Strawberry, Raspberry, Peach, Mango, Blue Curacao, and The Skinny.
